Night at the Discovery Museum

Girl Scout Information Sheet

- All Leaders/adults must be registered with Girl Scouts
- Each troop must have at least one leader with “Overnight Indoor” training and First Aid/CPR certification. A copy must be attached with registration form.
- A troop participant list (including names, address, telephone number, and emergency contact) must be attached with registration form.
- Trip Activity Notification must be attached with registration form.
- Signed trip permission slips and medical/health forms for each scout must be completed and is the responsibility of the leader to have on him/her at all times during the trip.

Instructions for Scouts

Scouts should bring: In ONE bag (so it can be easily carried from the parking lot) marked with the person’s name: sleeping bag, sleeping pad/mat, small pillow, and personal care items. We suggest that everyone dress in layers, suitable for active play and sleep ie sweatpants and sweat shirts. Changing into pajamas is not recommended due to limited changing area space. If anyone in your group is light sensitive, we suggest an eye mask, as there are emergency lights that must remain on in each gallery throughout the night for your safety

Money

If money is brought for the gift shop, we suggest that for younger girls, it be turned over to the Troop Leader for safekeeping in an envelope marked with the child’s name.

Cellular phones and other electronics

Please be courteous to other campers and leave all cellphones on vibrate. If you need to take an emergency call, please be mindful of the group and go to a quiet spot away from the activity. After 10 PM and until 7:30 AM, we ask that all electronic equipment be turned off and stored for the night.

Do NOT Bring:

Cots, snacks, gum, iPods, alcoholic beverages, electronic games, large sums of cash, or valuables.
